

LBH XPRESS PALLET BOXES

As the mining and oil & gas industry develops in Northern Mozambique there is a continual demand for parts or small loads of consumables & spares to be delivered to Northern Mozambique. Most of this is purchased in KwaZulu-Natal, Gauteng & Maputo and is not a convenient size.

We've got the perfect solution...

We offer sealed, dedicated pallet boxes that are collected and delivered seamlessly from suppliers to buyer including all transport and custom clearances (excluding duties and taxes.) Whatever you need, we will arrange for collection in South Africa and delivery to Mozambique:

- Emergency spares
- Building supplies
- Consumables
- Cargo handling gear
- Chandling services

AND what's more it's completely collapsible and takes up as much space as a pallet – so storage is a breeze.

PLUS for added convenience dedicated PALLET BOXES use, track and trace by RFID tags. GPS modules fitted as optional – this will be for receivers only.
